

SPERRY GALLIGAR Audubon

Missouri's Turkey Habitat Initiative

Meagan Duffee-Yates
MDC Turkey Habitat Initiative Coordinator

When:

Thursday, January 30
7 pm

Where:

Pittsburg State University
Yates Hall, Room 102
1702 S Joplin St.

Public Welcome!
Free Admission

Wild turkey populations are in decline. A key factor is lack of suitable nesting and brooding habitat. Join us to learn what turkey chicks need to make it through their first 14 days and how we can help create more habitat for these iconic birds.
